
MKS Services

The Service that Works for You

- **Company profile**

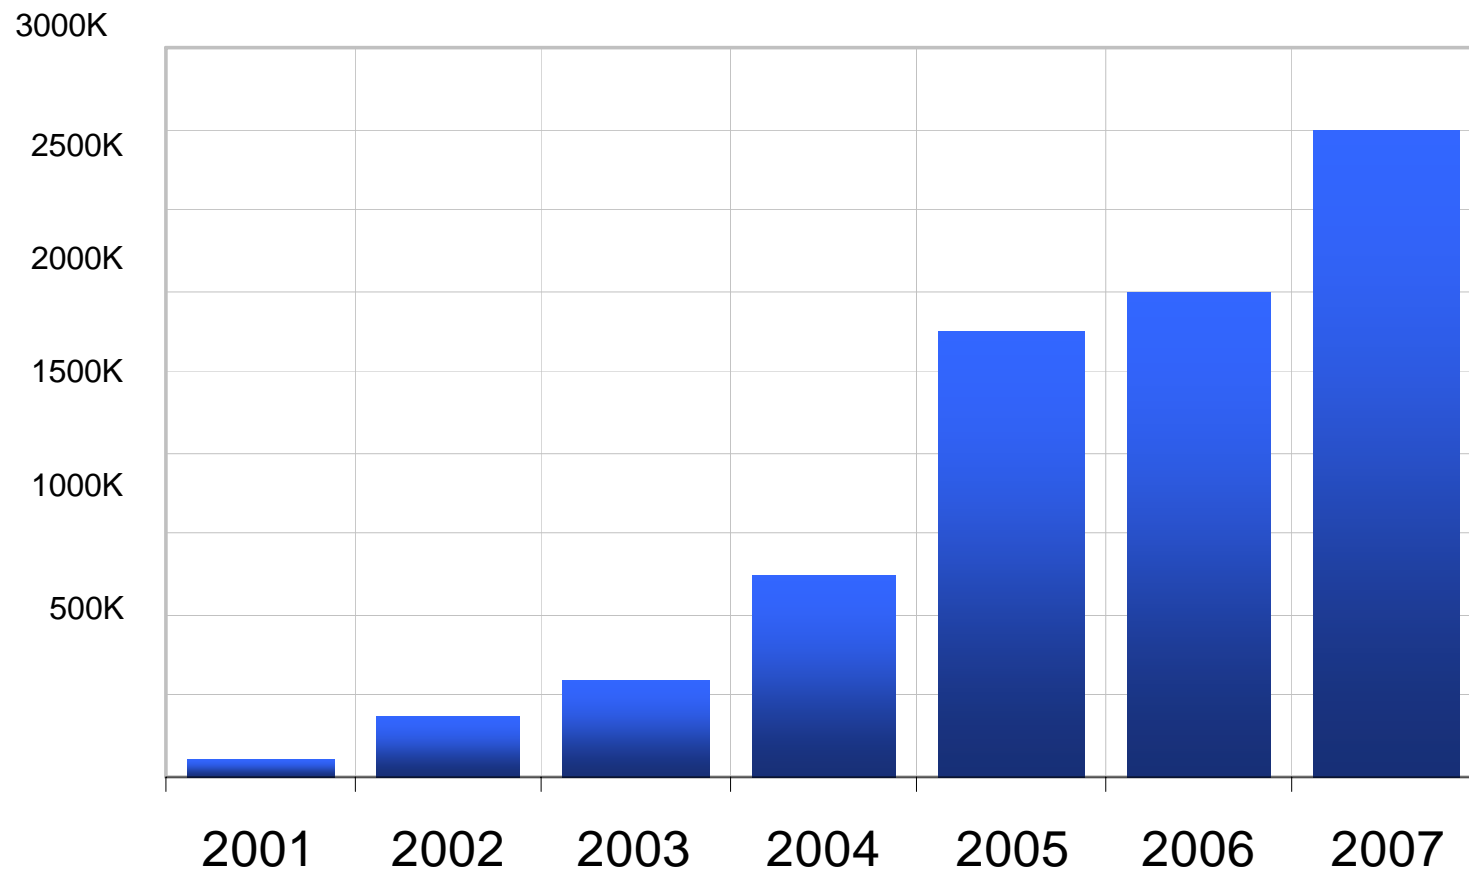

MKS is a provider of a full line of quality related services, warehousing and freight administration.

Our philosophy is to use the team approach working with customers, suppliers and all involved to meet our customer's needs and achieve established objectives.

MKS has the experience, facilities and resources throughout the US and Mexico to meet the growing need for efficient, effective quality services.

Our policy is a happy customer every time
